More!

Funded by
the European Union

AttractAdria's mission is to support the growth of young researchers in the Adria region, helping them build interdisciplinary connections and pioneer the future of personalised preventive healthcare.

Enhancing Research Careers

Improve the environment for attractive research careers in universities.

Boosting Employability

Enhance the job prospects of young researchers through skills training.

Fostering Collaboration

Promote stronger partnerships between academia, hospitals, and industry.

Enabling Mobility

Create opportunities for young researchers to move between academia and industry.

Strengthening Digital Skills

Improve digital competency and data-driven research in personalised preventive healthcare.

Increasing Global Visibility

Elevate the Adria region's international standing as a leader in healthcare innovation.
